

City of Grants Flood update for June 23, 2024

City of Grants crews are actively working to clean up areas affected by Friday's flooding. Crews will continue to work throughout the following weeks. We ask all citizens to be mindful of "Road Closed" signs, these are put in place for the safety of the citizens. City Manager has been in contact with the New Mexico Governor's office as well as Senator Munoz for some assistance from the State level. We will continue to update the citizens as information becomes available.
